RICHARD GROFF TO RETIRE

Dick Groff, director of the Technical Support Center, will be retiring at the end of February. He has been the director of this unit since 1970. It would be our guess that Dick will spend much of his time "in the air", as he is an avid pilot.

John Novack will be serving as Acting Director at this time and can be contacted by calling extension 451 (voice) or 453 (TTY).

SORRY ABOUT THAT!

The following is a statement by the Public Information Office of the Pre-College Program:

"A Washington Star article about the MSSD basketball team and the lack of opportunities for deaf players to gain berths on well known hearing college teams appeared Friday, Feb. 18, and contained several erroneous quotes, taken out of context from conversation, which were not recorded in written interview notes by the reporter. In his efforts to identify the problems that deaf athletes may have in making hearing teams with highly rated ball clubs, the reporter grossly misinterpreted and misquoted some points that were made by a member of our staff. We regret that the statement appeared in the unfortunate form that it did and would like to take this opportunity to clarify the situation for all loyal Gally supporters."
